**Subject:** Hydraulic Fracturing Meeting

Good morning all,

It seems Rich will be out for the day, so barring any major issues anyone has that would require meeting today, I propose we cancel today's meeting since everyone is probably wrapped up in CCR.

I've attached the latest update from the weekly Sussman call (yesterday) if anyone would like to catch up on what's going on. Rich hasn't gotten a chance to look at it yet, so any glaring grammatical errors can fall squarely on my shoulders.
